What will I learn throughout the course?

LEADERSHIP

Making your workplace a safe and healthy place is essential for employee productivity. This course will expand your skills and knowledge, transitioning from being a team member to taking responsibility for the work and performance of others and providing the first level of leadership within the organisation. As a leader, you will strongly influence the work culture, values, and ethics of the teams you supervise.

CONTRIBUTE

Learn how to contribute to your workplace's safe and effective operation. This course will guide you to understand your responsibilities for contributing to implementing an organisation's Workplace Health and Safety Management System (WHSMS) as part of their Work Health and Safety (WHS) responsibilities, communicating relevant information, identifying feedback opportunities, and improving consultation and participation.

MANAGE

Learn and understand the frameworks to manage WHS implications of returning to work. It will include identifying those with roles, duties, rights, and responsibilities for return to work and assisting in preparing, implementing, and evaluating the return to work. This ensures that your business is compliant with all relevant WHS regulations.

COURSE DETAILS

Mixed Mode: 48 weeks with 24 x 4 hour Workshops (fortnightly), via Zoom or face-to-face at ITeC premises in Coniston. Sessions recorded for later viewing. 10 to 15 hours each week self-directed study and activities.
